

## Developing Human Potential = *Power of Ten*

So you decided to attend Veterinary College. You graduated, Congratulations! Now you're practicing. What's next? What do you want from your hard work and your career? *Power of Ten* is all about your next move.

The Maryland VMA is preparing an initiative designed to help recent graduates (class of 2011 thru class of 2017) develop foundational skills in leadership, communication and business.

This month the MVMA will select ten participants from a pool of applicants to participate in the *Power of Ten* Leadership Academy. Participants will join a network of peers in a series of learning experiences that commence in Fall 2018 through Spring 2019—all designed by YOU!

*Power of Ten* will answer questions like:

- I emerged from veterinary school and I'm in practice. How can I get a better grasp on what makes me tick?
- Now that I have a technical staff, how can I form, manage, and lead an effective team?
- Who am I in the bigger picture, and what can I give to my family, my community and my profession that will be my legacy?

We anticipate that the *Power of Ten* class will also create a sense of community and participants will likely build lasting bonds with other members of the leadership academy class.

The support of your employer is important to your success in this program as you will may miss work days for these important sessions

**Complete the attached application and submit by May 31, 2017:**
